ABOUT US

DECO (Design and Exhibition Company) is a specialist design & custom build of exhibition stands and trade show displays. Deco's designers and managers have a wealth of experience in the design, build and delivery of innovative, unique and award winning exhibition stands.

Our Value Proposition

Our primary objective is to provide our clients an exhibition or display solution that helps them achieve results in a competitive market. The company is embracing and developing new products and solutions in order to do just that. All our staff have a wealth of experience within our industry and aim to provide a first class value added service to all clients. Dedication, partnership, care and pride in our work are bywords for all our staff to create a pleasurable working environment both in house and whilst working with customers.

SERVICES

Our work begins with conceptual design and continues through fabrication, installation and project management and storage, offering a complete turn-key solution for all of your design and show management needs. DECO also offers a full turnkey solution projects in the following areas:

Exhibition Stand Design, Manufacture and Construction

Corporate Interior Design

Point Of Sale Design

Graphic Design

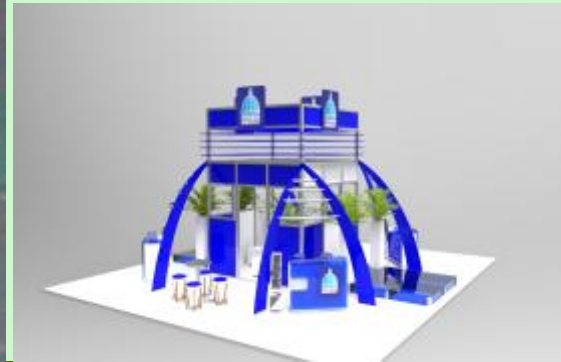

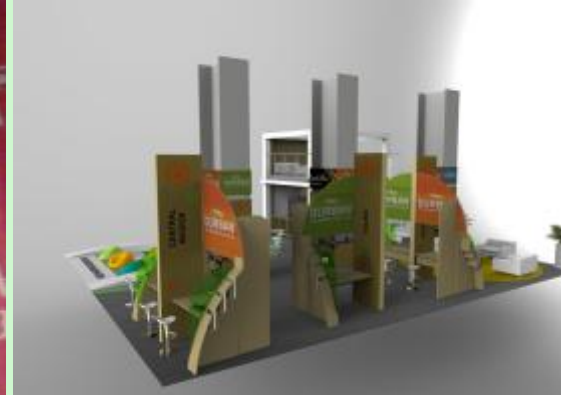

Portable Exhibition systems

Custom Signage Design

Custom Furniture Design and manufacture

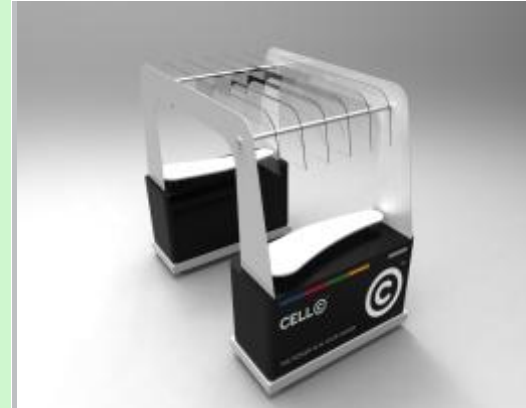

Storage of merchandise

We have the project management skills and the specialized suppliers which are necessary to ensure that high impact projects happen on time and within budget. Whatever your needs contact us today and we will assess your requirements and create a solution which best meets your needs and budget.

PAST PROJECTS AND DESIGN PORTFOLIO

Many of our client relationships are based on long-term exclusive or preferred supplier agreements. Building strong long-term relationships with our clients is the key to our success as a company. Our clients define our success and we can't celebrate our achievements without acknowledging their contribution. These are some of our clients.
