WE ARE UNIQUE...

The East London International Convention Centre (ELICC) is the first beachfront International Convention Centre for Southern Africa. Its unique geographical position allows it to become a central convergence point between all the major centres of South Africa.

This flexible multifunctional venue is set to raise the profile of the province as a major Business Tourism role player in the local and international markets. It is also aimed at stimulating economic growth in the city of East London.

Positioned on the Esplanade, a mere 15 minute drive from the East London Airport, the Industrial Development Zone and all major industries, the ELICC offers a fresh Eastern Cape alternative to the Business Tourism sector, locally and internationally.

The complex is equipped with state-of-the-art technology and can accommodate breakaway sessions, presentations, workshops, exhibitions, concerts, cocktail and banqueting events. The conference rooms can accommodate small meetings for groups of 10 up to School Room style conferencing for up to 1400 delegates. The largest room is able to accommodate 2000 delegates.

Whether the event you are planning is a conference, convention or even a concert, the ELICC will have the perfect venue to suit your needs. We look forward to welcoming you to the ELICC and trust that your event will be an unforgettable and inspiring experience.

DESTINATION

Situated approximately 1200 metres above sea-level, the Buffalo River runs through the extravagant Amathole Mountains of the Eastern Cape and runs East across the coastal plateau towards the Indian Ocean. It is here that the Buffalo River runs into the sea at East London – South Africa's only river port. East London is known as Buffalo City because it lies between the Nahoon River in the North, and the Buffalo River to the South.

Previously East London was set up by the British in 1836 as a military post, and used as a base camp during the Xhosa wars. The arrival of German settlers, who had been serving as mercenaries in the British-German Legion, gave the place at the mouth of the Buffalo River an economic boost and in 1873 East London was given town rights. Today, you will find locals with a genuine sense of hospitality and laid-back lifestyle that will make you truly feel at home in our city.

ACCESSIBILITY

Getting to and from East London

By air

East London has a number of flights to major South African cities. Foreign travellers would need to fly to either Cape Town, Port Elizabeth or Johannesburg and then get a connecting flight to East London.

By bus

Translux, Greyhound, Intercap and the Baz Bus connect East London to the major South African cities.

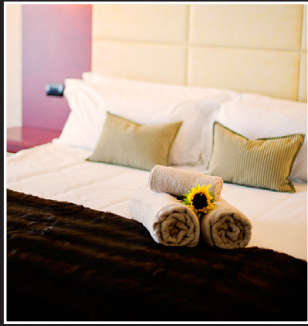

By car

East London can be reached by car via the N2 highway, running from Cape Town to Durban. East London is also connected to Bloemfontein via the N6, and Bloemfontein in turn is connected to Johannesburg via the N1.

By train

The train station offers connections from Johannesburg as well as Port Elizabeth.
