

Where the World meets Africa

Recognised as Africa's leading convention centre, the Durban ICC offers the largest flat floor, column-free, multi-functional event space in Africa!

Flexibility and versatility are key factors in the design of this state-of-the-art, technology-driven centre, which has hosted some of the world's largest and most prestigious conferences and events.

AFRICA'S LEADING CONVENTION CENTRE

ABOUT DURBAN & KWAZULU-NATAL

Situated in the majestic Kingdom of the Zulu, Durban is the gateway to the magical province of KwaZulu-Natal - home to two World Heritage Sites. There is much to offer, from excellent safari experiences in Big Five wildlife reserves to tropical beaches on the shores of the Indian Ocean.

Durban's excellent infrastructure, warm climate and variety of cultural experiences and entertainment facilities offer added appeal to international delegates.

With so many spectacular attractions, it is no surprise that the Durban International Convention Centre (Durban ICC) was voted Africa's Leading Meetings and Conference Venue by the World Travel Awards for the thirteenth time in 2014.

This is truly a cultural hub in which Africa and the world can meet and enjoy the finest African hospitality.

DURBAN ICC

- Strategically located near Durban's central business district, just minutes from hotels and beaches
- Within close proximity of South Africa's busiest port and approximately 30 minutes from King Shaka International Airport

DURBAN EXHIBITION CENTRE

Together with the Durban ICC, the Durban Exhibition Centre offers 33,000m² of flat floor exhibition space, making it the largest convention complex in Africa.

- Located across Walnut Road, opposite the Durban ICC
- Offers two large halls totalling 9,600m²
- Boasts the option of additional side/breakaway venues. including outdoor areas that complement the subtropical Durban weather
- For major events Walnut Road can be closed, combining the Durban ICC and Exhibition Centre into a single island venue.
- There are also other open spaces which can be used within the Durban ICC precinct where a variety of marquees and pavilions can be erected as required.
