

two way

exhibitions & events

The Company

Two Way Exhibition Services specialise in the design, manufacture and installation of high quality custom or system exhibition stands and marquees since 2000.

We specialise in providing our clients with personalised service from concept through to finished project. Our services cover the complete spectrum of supplying structures, decor and furniture for all occasions which include events, exhibitions, road shows, conferences and display equipment.

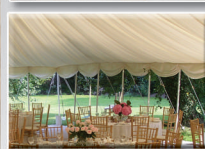

Our emphasis is on personalised service before and during every build-up with on site supervision and 24 hour availability – ensuring that we are always "on time every time".

Our designs capture the imagination and draws attention whilst communicating your brand effectively. Our designers combine talent, training and technology to translate your marketing message into a clear concise message to every target market.

Superior delivery – on time every time
