COMPANY PROFILE

MARIUS HITGE CONSULTANTS

Marius Hitge Consultants is an award winning and highly regarded design company established in 1996. With awards such as best and most innovative exhibition stands, we are proud to state that our clients describe us as "*a very unique and well structured team of designers and project managers*". When briefed, the MHC team always make sure that innovation and function are the key elements from the start of conceptual development up to the implementation of the final product. *Our number one priority is to meet all our clients' needs.*

Meet the Marius Hitge Team:

Marius Hitge (Head of Design and Director), Neville Conchar (Head of Project Management), Broghan Ross (Head of Office Management) and Estian Visser (Head of 3D Computer Graphic Illustrations).

The Marius Hitge Consultants Team is passionate about delivering creative, innovative and functional designs on a daily basis, and provides excellent project management and production services, making us a "*turnkey*" solution in the field of design and architecture.

Interior Design:

Marius Hitge Consultants has a large portfolio of interiors designed for retail, hospitality and commercial industries, as well as homes and apartments. Most of our designs are featured in magazines like Habitat, Garden and Home, and House and Leisure. The mission statement at MHC Design studio is to always make sure our clients are more than satisfied, even if it means staying up all night to get the projects ahead of schedule and the implementation of projects to perfection...as we said: "*clients are our number one priority*"

Exhibition Design:

You don't get a second chance at a first impression, which is why at Marius Hitge Consultants we aim to maximise our clients exposure within the limited space provided. Our award winning exhibition stand designs ensure that it portrays your Company's corporate Identity. All exhibition stands are custom designed and built, and always go beyond the clients expectations.

"by reaching client requirements, we keep their company and brand exposure one step ahead of the competition..."

Communication:

The MHC team always make sure our unique team structure and skills create efficient and user friendly applications when presenting ideas and communicating creative designs to our clients. *Communicating with clients and making them feel at ease about the journey from initial ideas to final production is one of many main priorities in our company structure.* Attention to detail and interest in producing a product that is in line with the client's brief. 3D renders are supplied to clients to explain designs.

Marius Hitge Consultants are known for their unique designs in South Africa, United Kingdom and France
